Domestic Abuse Program

The women of the Stories of Strength group will be compiling a cook book!

A dedication of nurturing from survivors.

If any community survivors would like to add their recipe (s),

They may do so anonymously or bring them in to Kathleen Whitaker @ HRDC

May heralds Mental Health Month with the highlight of Children's Mental Health week the full first week. National Women's Health week will begin on Mother's Day.

Sexual Assault Awareness Stroll

On Saturday, April 29 at 10 a.m. we will be having the SURVIVOR STROLL kick off in the HRDC 4 parking Lot at 10:00AM

April is National Child Abuse month. Building Community, Building Hope

Montana has a primary law that states: Each child under the age of 6 years and weighing less than 60 pounds must be properly restrained in an appropriate child safety seat, while being transported in a passenger motor vehicle. This allows law enforcement officers to do a traffic stop without having to observe another traffic violation. Just because it is not a primary law, all children over six years old and 60 # should also be in a booster seat. Standard car seat belts are designed for people 4''9" and over 80#. Any child 13 and under should always ride in the back seat, it is the safest place to ride in a vehicle!

If you need a car seat or booster seat installed or fitted,

please contact Mary at the B&G Club at 265-6206 ext. 308.

Energy Program (Heating Assistance)

SPRING & SUMMER BILL ASSISTANCE AVAILABLE

Although the official LIEAP season ended May 1st we realize there are always energy related emergencies. **Energy Share of Montana** program funds are currently available to households in disconnect status.

Energy Share was created to help households in energy related emergencies. Emergencies consist of the inability to pay the energy bill due to medical emergency, loss of income, or death or illness of a family member, repair or replacement of furnace.

Not all applications are approved due to disconnect, other factors are also evaluated. Energy Share funds are donated dollars that can be loaned or granted to a household by the Energy Share committee. Energy Share is an interest free, loan that can be paid back in payments that fit within the client's household budget.

HILL COUNTY ELECTRIC & BIG FLAT ELECTRIC

The local Cooperatives again contributed funds to assist low-income members in meeting their energy needs. Our Energy Program administers the programs each year. Both programs typically begin January 1st and continue to operate until all funds have been depleted.

Hill County Electric: More than \$39,00 was committed to the Universal Systems Benefits Program (USBP), for Hill County Electric. Much of the benefit monies were specifically available for senior citizens and those that never received the funding. Benefit's ranged from \$50 to \$275 dependent on the household's LIEAP benefit.

Big Flat Electric allotted \$5,600 in grant money for low income families residing within the Blaine County vicinity. All benefits awarded to the households that apply are paid directly toward the active accounts.

LET US COME TO YOU

If your organization or business would like to assist your staff/ employees with their heating needs, contact our Energy Program and we will happily come to your business and present a short-yet-informative presentation. We will explain all our programs and how families may qualify for the programs.

Please call 406-265-6743 and ask for the Energy Program.

LIEAP FUN FACT:

70% of households helped by
the Low Income Energy
Assistance Program (LIEAP) are
home to either a child under 5,
an elderly resident, or someone with a disability.

IEVER TOO LATE TO PREPARE FOR COLDER TEMPERATURE

Take advantage of the warm spring and summer weather and prepare your house for colder temperatures. Here are a few household tasks you can do on a nice, sunny day! ©

- Have your heating system & duct work inspected.
- Check your furnace for a clean filter & proper adjustments of fans & burners.
- Clean your wood stove and chimney thoroughly.
- Getting your wood early. Dry wood burns cleaner and more safely.
- Replace old caulk and weather stripping.
- Repair roof seams.

Taking these early steps to prepare your home for the cold winter months will pay off in the long run.

AUCTION STARTS AT 6:00
\$7.50 A PLATE INCLUDES A DESSERT BUFFET

AT HAVRE EAGLES CLUB

75% OF PROCEEDS GO TO THE FOOD BANK

25 % OF PROCEEDS GO TO NMCDC

IF YOU HAVE ANY QUESTIONS CALL 265-6794 EXT. 1000

Northern Montana Child Development Center

NMCDC is working on some big changes for next fall. The revised Head Start Program Performance Standards require all Head Start programs to increase the hours of classroom time. We will have two Head Start classes go from 3.5 hours per day to 7 hours per day. These classes will also go more days per year than we do now. The two 7 hours per day classes will start when Havre Public School starts and the last class day in the spring will be the end of May. We will also offer extended care paid child care slots for the families of children in the 7 hour per day classrooms. This will be on a first come first serve basis and all families needing extended care must be on Best Beginning Child Care Scholarships. This will be available after the Head Start class on days such as the Mondays that Head Start is not in session. We are starting small and the coming year will be our chance to work the kinks out and make improvements before expanding class hours and paid extended care further.

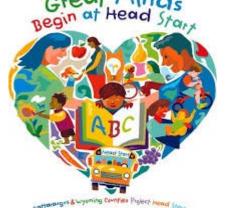

Another exciting change in the works is the renovation project at HRDC to accommodate two Head Start classrooms. This will enable us to have a classroom for each class and we won't have the need to share classrooms any longer. These are some exciting changes that will help us to continue to provide quality services to children and their families.

We are also working on becoming a licensed child care center in all of our Head Start classrooms. With this change we are asking all families to apply for Best Beginning Child Care Scholarship (BBCCS). There is no charge to families enrolled in Head Start or Early Head Start, however, the money from BBCCS will help us immensely and enables us purchase more classroom supplies, toys for children, and support staff in their education, all of which result in higher quality early childhood education for your children.

We are still offering the option of 3 1/2 hours per day or 4 hours per day classes. You now have some more options for the length of class time for your child.

If you have any questions on the changes please call Cindy at NMCDC at 265-5810. If you would like to enroll your child in the 7 hours per day classes and the extended care please call Deanna at 265-5810.

ABLE Classroom

HAVRE ADULT BASIC EDUCATION

"Get the skills you need to succeed!"

The ABLE program at Havre HRDC District 4 provides a means for adults and youth 16 years or older to enhance educational skills, workplace literacy, high school equivalency preparation, and college readiness. Our services are **100% free**, and we offer a wide variety of services that are too long to list.

To enter the program participants must first take the TABE (Test of Adult Basic Education). This is administered every Wednesday at 2:00pm in the ABLE classroom. After this students will be enrolled, and a program will be prepared to meet each I individual's needs.

As the Instructor and Director of the ABLE classroom, I want to encourage people that would benefit from the program themselves or know someone who would, to drop by the classroom, call, or check it

out on HRDC's website. You can also get updates on Facebook.

Sincerely,

Dan Koffler, ABLE Instructor/Director 406-265-6743 ext. 1197

kofflerd@hrdc4.org

Volunteers Needed

If you want to get involved in Community Action and help others, the 24 Hour Crisis Line is seeking volunteers to take calls. Whether you choose to donate one day or multiple days, your time and support can make a difference in the lives of others.

The crisis line handles a variety of calls ranging from requests for information to someone who may need more extensive peer counseling. The Volunteer Coordinator provides training to all volunteers before they are scheduled to take calls.

For more information on how to become a volunteer, please contact Echo Nelson at

(406) 265-6743 ext. 1141.

CASA of Hill County

CASA Recruiting Volunteers during Child Abuse Prevention Month

In recognition of National Child Abuse Prevention Month, the local CASA program recruits new volunteers, with a preservice training class starting in May every year.

When a child is abused or neglected, their lives hang in the balance. And we are there.

We are Court Appointed Special Advocates or CASAs. We are ordinary folks from all walks of life who are passionate about speaking out for the most vulnerable people in our community. We are trained volunteers who step up to assist the judge in these cases.

We believe in the rights and dignity of all children. We are committed to putting that belief to work. And we hold ourselves to the highest standards of excellence in service.

When those children are removed from their homes, they face a frightening and uncertain future. WE make sure they don't face it alone. We stand by them. We get to know them. And we put their needs before all other's as we work for their best interest in the community and in the courtroom.

We help them heal and thrive. We help them find the road home, wherever it lies.

We are not alone. There are more than a thousand CASAs around the state, and more than 20 CASAs right here on the Hi-Line. We are joined by many thousands more across the country, and supported by a National organization which develops training and other tools we need to be effective for our children right here.

Together, we are a powerful voice for children.

Our next pre-service training class begins May 15th. For more information on that class or on our work, please contact

Mark Douglass at 406.265.6743x1135 or casa@hrdc4.org.

CASA Recognizes Child Abuse Prevention Month

April is National Child Abuse Prevention Month and across the country blue and silver pinwheels spring up to raise awareness and to honor the victims of childhood

maltreatment. For the first time, CASA (Court Appointed Special Advocates) and CFS (Child & Family Service) came together in Havre's Town Square to "plant" a Child Abuse Prevention pinwheel "garden".

The garden included two groups of pinwheels: 120 pinwheels represented the 120 Hill County children who were in foster care during 2016, and another 91 pinwheels represented the children who are in care right now (this number tragically has risen since the event). There were also several signs explaining the significance of the "one pinwheel for every child" as well as calling for increased investment in preventing child abuse.

Fourteen CASA and CFS workers met under a brilliant blue sky on Thursday, April 6th to plant the 221 pinwheels, and those pinwheels sparkled and spun through the weekend, with the display coming down Monday, April 10. As the task was completed, CASA Director Mark Douglass noted to a reporter from the Havre Daily News that – while a bigger display might be more eye-catching, everyone was happy not to have any more pinwheels since each one represented an abused child.

This is the start of a tradition in Havre, but we all hope that in coming years there will be fewer pinwheels, and we look

forward to the day when we won't need to put out any pinwheels at

Energy Program (Heating Assistance)

SPRING & SUMMER BILL ASSISTANCE AVAILABLE

Although the official LIEAP season ended May 1st we realize there are always energy related emergencies. **Energy Share of Montana** program funds are currently available to households in disconnect status.

Energy Share was created to help households in energy related emergencies. Emergencies consist of the inability to pay the energy bill due to medical emergency, loss of income, or death or illness of a family member, repair or replacement of furnace.

Not all applications are approved due to disconnect, other factors are also evaluated. Energy Share funds are donated dollars that can be loaned or granted to a household by the Energy Share committee. Energy Share is an interest free, loan that can be paid back in payments that fit within the client's household budget.

HILL COUNTY ELECTRIC & BIG FLAT ELECTRIC

The local Cooperatives again contributed funds to assist low-income members in meeting their energy needs. Our Energy Program administers the programs each year. Both programs typically begin January 1st and continue to operate until all funds have been depleted.

Hill County Electric: More than \$39,00 was committed to the Universal Systems Benefits Program (USBP), for Hill County Electric. Much of the benefit monies were specifically available for senior citizens and those that never received the funding. Benefit's ranged from \$50 to \$275 dependent on the household's LIEAP benefit.

Big Flat Electric allotted \$5,600 in grant money for low income families residing within the Blaine County vicinity. All benefits awarded to the households that apply are paid directly toward the active accounts.

LET US COME TO YOU

If your organization or business would like to assist your staff/ employees with their heating needs, contact our Energy Program and we will happily come to your business and present a short-yet-informative presentation. We will explain all our programs and how families may qualify for the programs.

Please call 406-265-6743 and ask for the Energy Program.

LIEAP FUN FACT:

70% of households helped by
the Low Income Energy
Assistance Program (LIEAP) are
home to either a child under 5,
an elderly resident, or someone with a disability.

IEVER TOO LATE TO PREPARE FOR COLDER TEMPERATURE

Take advantage of the warm spring and summer weather and prepare your house for colder temperatures. Here are a few household tasks you can do on a nice, sunny day! ©

- Have your heating system & duct work inspected.
- Check your furnace for a clean filter & proper adjustments of fans & burners.
- Clean your wood stove and chimney thoroughly.
- Getting your wood early. Dry wood burns cleaner and more safely.
- Replace old caulk and weather stripping.
- Repair roof seams.

Taking these early steps to prepare your home for the cold winter months will pay off in the long run.

Avenue Havre, MT 59501 406-265-6743 http://hrdc4.org/

ABLE Classroom

HAVRE ADULT BASIC EDUCATION

"Get the skills you need to succeed!"

The ABLE program at Havre HRDC District 4 provides a means for adults and youth 16 years or older to enhance educational skills, workplace literacy, high school equivalency preparation, and college readiness. Our services are **100% free**, and we offer a wide variety of services that are too long to list.

To enter the program participants must first take the TABE (Test of Adult Basic Education). This is administered every Wednesday at 2:00pm in the ABLE classroom. After this students will be enrolled, and a program will be prepared to meet each I individual's needs.

As the Instructor and Director of the ABLE classroom, I want to encourage people that would benefit from the program themselves or know someone who would, to drop by the classroom, call, or check it

out on HRDC's website. You can also get updates on Facebook.

Sincerely,

Dan Koffler, ABLE Instructor/Director 406-265-6743 ext. 1197

kofflerd@hrdc4.org

Volunteers Needed

If you want to get involved in Community Action and help others, the 24 Hour Crisis Line is seeking volunteers to take calls. Whether you choose to donate one day or multiple days, your time and support can make a difference in the lives of others.

The crisis line handles a variety of calls ranging from requests for information to someone who may need more extensive peer counseling. The Volunteer Coordinator provides training to all volunteers before they are scheduled to take calls.

For more information on how to become a volunteer, please contact Echo Nelson at

(406) 265-6743 ext. 1141.

CASA of Hill County

CASA Recruiting Volunteers during Child Abuse Prevention Month

In recognition of National Child Abuse Prevention Month, the local CASA program recruits new volunteers, with a preservice training class starting in May every year.

When a child is abused or neglected, their lives hang in the balance. And we are there.

We are Court Appointed Special Advocates or CASAs. We are ordinary folks from all walks of life who are passionate about speaking out for the most vulnerable people in our community. We are trained volunteers who step up to assist the judge in these cases.

We believe in the rights and dignity of all children. We are committed to putting that belief to work. And we hold ourselves to the highest standards of excellence in service.

When those children are removed from their homes, they face a frightening and uncertain future. WE make sure they don't face it alone. We stand by them. We get to know them. And we put their needs before all other's as we work for their best interest in the community and in the courtroom.

We help them heal and thrive. We help them find the road home, wherever it lies.

We are not alone. There are more than a thousand CASAs around the state, and more than 20 CASAs right here on the Hi-Line. We are joined by many thousands more across the country, and supported by a National organization which develops training and other tools we need to be effective for our children right here.

Together, we are a powerful voice for children.

Our next pre-service training class begins May 15th. For more information on that class or on our work, please contact

Mark Douglass at 406.265.6743x1135 or casa@hrdc4.org.

CASA Recognizes Child Abuse Prevention Month

April is National Child Abuse Prevention Month and across the country blue and silver pinwheels spring up to raise awareness and to honor the victims of childhood

maltreatment. For the first time, CASA (Court Appointed Special Advocates) and CFS (Child & Family Service) came together in Havre's Town Square to "plant" a Child Abuse Prevention pinwheel "garden".

The garden included two groups of pinwheels: 120 pinwheels represented the 120 Hill County children who were in foster care during 2016, and another 91 pinwheels represented the children who are in care right now (this number tragically has risen since the event). There were also several signs explaining the significance of the "one pinwheel for every child" as well as calling for increased investment in preventing child abuse.

Fourteen CASA and CFS workers met under a brilliant blue sky on Thursday, April 6th to plant the 221 pinwheels, and those pinwheels sparkled and spun through the weekend, with the display coming down Monday, April 10. As the task was completed, CASA Director Mark Douglass noted to a reporter from the Havre Daily News that – while a bigger display might be more eye-catching, everyone was happy not to have any more pinwheels since each one represented an abused child.

This is the start of a tradition in Havre, but we all hope that in coming years there will be fewer pinwheels, and we look

forward to the day when we won't need to put out any pinwheels at

Domestic Abuse Program

The women of the Stories of Strength group will be compiling a cook book!

A dedication of nurturing from survivors.

If any community survivors would like to add their recipe (s),

They may do so anonymously or bring them in to Kathleen Whitaker @ HRDC

May heralds Mental Health Month with the highlight of Children's Mental Health week the full first week. National Women's Health week will begin on Mother's Day.

Sexual Assault Awareness Stroll

On Saturday, April 29 at 10 a.m. we will be having the SURVIVOR STROLL kick off in the HRDC 4 parking Lot at 10:00AM

April is National Child Abuse month. Building Community, Building Hope

Montana has a primary law that states: Each child under the age of 6 years and weighing less than 60 pounds must be properly restrained in an appropriate child safety seat, while being transported in a passenger motor vehicle. This allows law enforcement officers to do a traffic stop without having to observe another traffic violation. Just because it is not a primary law, all children over six years old and 60 # should also be in a booster seat. Standard car seat belts are designed for people 4''9" and over 80#. Any child 13 and under should always ride in the back seat, it is the safest place to ride in a vehicle!

If you need a car seat or booster seat installed or fitted,

please contact Mary at the B&G Club at 265-6206 ext. 308.

Energy Program (Heating Assistance)

SPRING & SUMMER BILL ASSISTANCE AVAILABLE

Although the official LIEAP season ended May 1st we realize there are always energy related emergencies. **Energy Share of Montana** program funds are currently available to households in disconnect status.

Energy Share was created to help households in energy related emergencies. Emergencies consist of the inability to pay the energy bill due to medical emergency, loss of income, or death or illness of a family member, repair or replacement of furnace.

Not all applications are approved due to disconnect, other factors are also evaluated. Energy Share funds are donated dollars that can be loaned or granted to a household by the Energy Share committee. Energy Share is an interest free, loan that can be paid back in payments that fit within the client's household budget.

HILL COUNTY ELECTRIC & BIG FLAT ELECTRIC

The local Cooperatives again contributed funds to assist low-income members in meeting their energy needs. Our Energy Program administers the programs each year. Both programs typically begin January 1st and continue to operate until all funds have been depleted.

Hill County Electric: More than \$39,00 was committed to the Universal Systems Benefits Program (USBP), for Hill County Electric. Much of the benefit monies were specifically available for senior citizens and those that never received the funding. Benefit's ranged from \$50 to \$275 dependent on the household's LIEAP benefit.

Big Flat Electric allotted \$5,600 in grant money for low income families residing within the Blaine County vicinity. All benefits awarded to the households that apply are paid directly toward the active accounts.

LET US COME TO YOU

If your organization or business would like to assist your staff/ employees with their heating needs, contact our Energy Program and we will happily come to your business and present a short-yet-informative presentation. We will explain all our programs and how families may qualify for the programs.

Please call 406-265-6743 and ask for the Energy Program.

LIEAP FUN FACT:

70% of households helped by the Low Income Energy
Assistance Program (LIEAP) are home to either a child under 5, an elderly resident, or someone with a disability.

IEVER TOO LATE TO PREPARE FOR COLDER TEMPERATURE

Take advantage of the warm spring and summer weather and prepare your house for colder temperatures. Here are a few household tasks you can do on a nice, sunny day! ©

- Have your heating system & duct work inspected.
- * Check your furnace for a clean filter & proper adjustments of fans & burners.
- Clean your wood stove and chimney thoroughly.
- Getting your wood early. Dry wood burns cleaner and more safely.
- Replace old caulk and weather stripping.
- Repair roof seams.

Taking these early steps to prepare your home for the cold winter months will pay off in the long run.

Energy Program Director: Teresa Wynia teresaw@hrdc4.org

Energy Program Specialist: Sarah Solomon solomons@hrdc4.org

Northern Montana Child Development Center

NMCDC is working on some big changes for next fall. The revised Head Start Program Performance Standards require all Head Start programs to increase the hours of classroom time. We will have two Head Start classes go from 3.5 hours per day to 7 hours per day. These classes will also go more days per year than we do now. The two 7 hours per day classes will start when Havre Public School starts and the last class day in the spring will be the end of May. We will also offer extended care paid child care slots for the families of children in the 7 hour per day classrooms. This will be on a first come first serve basis and all families needing extended care must be on Best Beginning Child Care Scholarships. This will be available after the Head Start class on days such as the Mondays that Head Start is not in session. We are starting small and the coming year will be our chance to work the kinks out and make improvements before expanding class hours and paid extended care further.

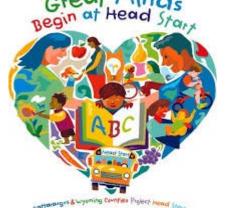

Another exciting change in the works is the renovation project at HRDC to accommodate two Head Start classrooms. This will enable us to have a classroom for each class and we won't have the need to share classrooms any longer. These are some exciting changes that will help us to continue to provide quality services to children and their families.

We are also working on becoming a licensed child care center in all of our Head Start classrooms. With this change we are asking all families to apply for Best Beginning Child Care Scholarship (BBCCS). There is no charge to families enrolled in Head Start or Early Head Start, however, the money from BBCCS will help us immensely and enables us purchase more classroom supplies, toys for children, and support staff in their education, all of which result in higher quality early childhood education for your children.

We are still offering the option of 3 1/2 hours per day or 4 hours per day classes. You now have some more options for the length of class time for your child.

If you have any questions on the changes please call Cindy at NMCDC at 265-5810. If you would like to enroll your child in the 7 hours per day classes and the extended care please call Deanna at 265-5810.

Section 8 Housing

New Beginnings!

Section 8 housing would like to welcome our new Housing Specialist—Alma Lopez.

Alma has worked at District 4 HRDC for 2 years in both Head Start and Employment and Training. We are incredibly excited to have her!
