RE: Safe Drinking Water Certification
Highland Manor Apartments, MT

Dear Mr. Kaiserski,

Pursuant to the requirements of the National Housing Trust Fund Environmental Review, Bjerke Architects is attesting to the fact that any improvements or modifications to the Highland Manor Apartment's water system will be designed to use lead-free pipes, solder and flux. The use of only lead-free pipes, solder and fluxon in the project's water system will be stipulated in the architectural plans and building specifications for the project.

Should you have any questions, comments or concerns please feel free to contact me at (406) 495-7105.

Sincerely,

A handwritten signature in black ink that reads "Susan Bjerke". The signature is fluid and cursive.
